## SUMMARY

Full Stack / MERN Stack Developer skilled in building responsive, interactive, and data-driven web apps. Experienced with 10+ projects using React.js, Next.js, TypeScript, WebSockets, GSAP, and Framer Motion. Passionate about delivering clean, scalable, and user-friendly solutions.

## SKILLS

**Frontend:** HTML5, CSS3, Tailwind, JavaScript, TypeScript, React.js, Next.js, GSAP

**Backend:** Node.js, Express.js, Mongoose, Redis, REST APIs, Microservices, JWT/OAuth

**Databases & Cloud:** MongoDB, Firebase, AWS, Netlify, Vercel, Render, Cloudflare, Cloudinary

**Tools/DevOps:** Git, GitHub, Docker, Kubernetes, VS Code, Postman

## PROJECTS

**Mensco.in Redesign** | *React.js, Tailwind CSS, GSAP, Framer Motion*

[Live Link](#) — [GitHub](#)

- Redesigned the Mensco.in e-commerce platform to enhance user engagement and navigation, leveraging React.js, Tailwind CSS, and GSAP for interactive animations.
- Improved page load speed and reduced bounce rate through a cleaner, responsive UI.

**FlyBy Travel Booking** | *MERN, WebSockets, Tailwind CSS*

[Live Link](#) — [GitHub](#)

- Developed a full-featured travel booking platform enabling real-time seat availability and booking using MERN stack.
- Streamlined booking workflows and implemented secure payment integration, addressing common user frustration with outdated booking systems.

**Personal Portfolio** | *Next.js, React.js, TypeScript, Framer Motion, GSAP*

[Live Link](#) — [GitHub](#)

- Designed a dynamic personal portfolio with Next.js, React, TypeScript, and Framer Motion to showcase 10+ projects.
- Implemented interactive transitions and smooth animations, resulting in enhanced recruiter engagement and clearer project demonstrations.

## EXPERIENCE

**EV Charging Station Finder and Slot Booking (Final Year Project)** | *MERN*

[GitHub](#)

- Built an EV charging stations booking app, addressing the real-world challenge of EV driver convenience.
- Integrated secure booking, optimized database queries, and implemented real-time slot availability to reduce wait times and improve user satisfaction.

**Frontend Hackathon — Sheryians Coding School**

2025

- Participated in frontend hackathon; built a responsive landing page with animations and ranked among top participants.

## CERTIFICATIONS & COURSES

- AI-Powered Web Development (Frontend, Backend, DSA + Aptitude + DevOps)
- Frontend Development — Oneroadmap
- Full Stack Developer — Oneroadmap
- JavaScript Bootcamp — Let's Upgrade
- React Bootcamp — Let's Upgrade
- Node.js / Express.js Bootcamp — Let's Upgrade

## EDUCATION

**B.Sc. Information Technology (CGPI: 7.07)**

Pillai HOC College of Arts, Science and Commerce

2022 – 2025

Rasayani, Maharashtra
