

# VIKASH MISHRA

## Full Stack Developer (MERN)

Mumbai, Maharashtra, India

Phone: +91-9637078026 Email: mishravikash0612@gmail.com

LinkedIn: linkedin.com/in/vikash-mishra-6803a1362 Portfolio: vikash-portfolio-1.netlify.app

### SUMMARY

---

Full Stack / MERN Stack Developer skilled in building responsive, interactive, and data-driven web apps. Experienced with 10+ projects using React.js, Next.js, TypeScript, WebSockets, GSAP, and Framer Motion. Passionate about delivering clean, scalable, and user-friendly solutions.

### SKILLS

---

**Frontend:** HTML, CSS, Tailwind, JavaScript, TypeScript, React.js, Next.js

**Backend:** Node.js, Express.js, REST APIs, WebSockets

**Database:** MongoDB, MySQL

**Deployment:** Vercel, Netlify, AWS

### PROJECTS

---

**FlyBy Travel Booking** | *MERN, WebSockets, Tailwind CSS*

[Link](#)

- Built a real-time travel booking app with search, filtering, and secure booking features using MERN stack and WebSockets.
- Improved data flow and responsiveness, enabling real-time seat updates and smoother user experience.

**Personal Portfolio** | *Next.js, React.js, TypeScript, Framer Motion, GSAP*

[Link](#)

- Developed a responsive portfolio showcasing 10+ projects with animations and interactive transitions, improving recruiter engagement.

**Mensco.in Redesign** | *Next.js, Tailwind CSS, GSAP*

[Link](#)

- Redesigned an e-commerce platform with optimized UI/UX, achieving smoother navigation and higher usability scores.

### PRACTICAL EXPERIENCE

---

**EV Charging Station Finder and Slot Booking (Final Year Project)** | *MERN*

[GitHub](#)

- Developed a full-stack system for locating EV charging stations and booking slots in real-time using MERN stack.
- Implemented secure booking management and optimized database queries, reducing slot allocation delays.

**Frontend Hackathon — Sheryians Coding School**

2025

- Participated in a 48-hour frontend hackathon; built a responsive landing page with animations and ranked among top participants.

### CERTIFICATIONS & COURSES

---

- AI-Powered Web Development (Frontend, Backend, DSA + Aptitude + DevOps)
- Frontend Development — Oneroadmap
- Full Stack Developer — Oneroadmap
- JavaScript Bootcamp — Let's Upgrade
- React Bootcamp — Let's Upgrade
- Node.js / Express.js Bootcamp — Let's Upgrade

### EDUCATION

---

**B.Sc. Information Technology**

2022 – 2025

*Pillai HOC College of Arts, Science and Commerce*

*Mumbai, Maharashtra*
